

Core Values of the CCP

Strengths-based CCP

Services promote resilience, empowerment, and recovery.

Anonymous

Crisis counselors do not classify, label, or diagnose people. No records or case files are kept.

Outreach-Oriented

Crisis counselors proactively work to deliver services to individuals who need support now.

Conducted in Non-Traditional Settings

Crisis counselors make contact virtually and outside of clinical or office settings.

Designed to Strengthen Existing Community Support Systems

The CCP supplements, but does not end or replace, existing community systems.
